Consolidated Removes 250 Stock Tickers

The Consolidated Stock Exchange vesterday removed its tickers from he offices of M. C. Schneider & Co. 50 Broad Street, and W. W. Weese & Co., 23 Beaver Street, following an investigation by the committee on business welfare and the bureau of auditing and accounting. Neither firm was a member of the exchange.

that within the last four months the Consolidated has taken out about 250 tickers from non-member firms whose methods of doing business, investigation showed, did not conform to the rules of the exchange.

dividends amounting in the aggregate to \$6,600,000, and have declared extra cash dividends totaling \$460,000, making a grand total of dividends for the year of \$12,407,492 on a capitalization

Reorganization Planued

investigation showed, did not consumer and was regarded as in the nature of a special Christmas distribution to shareholders.

The Importers and Traders National Bank declared an extra dividend of 6 per cent, in addition to the regular 6 per cent quarterly dividend.

Among the industrial concerns the Mack Trucks, Inc., declared an initial dividend of \$1 a share on the common stock. This concern, known in 1920 as the International Motor Company, declared at that time a common stock dividend of 100 per cent.

The Mahoning Coal Railroad Company declared as semi-annual dividend of \$10 a share and an extra dividend of \$15 a share. The semi-annual distribution compares with the previous semi-annual rate of \$5 a share, while the extra was the same as was declared in June, 1921. The New York Central owns 17,893 shares of the 30,000 shares of common outstanding and 7,900 out of 13,227 shares of the Chapman Valve Manufacturing Company have called a stockholders meeting for December 19 to authorize an increase in the capital stock from \$1,000,000 to \$1,500,000 through a stock dividend of 50 per cent.

For the purpose of declaring a stock dividend of 100 per cent directors of dividend of 100 per cent di A plan of reorganization of the Pa-cific Development Company, operating principally in the Far East, provides for the formation of two finance corfor the formation of two finance corporations, each with a capital of
\$2,500,000. One will finance the current business of the Pacific Commercial Company by loans, indorsement
or guaranty of obligations, while the
other will finance the business of
Andersen, Meyer & Co., Ltd., both concerns being subsidiary trading companies.

Employment in N. Y. State Factories Gained Last Month

Forecasts Cotton Rise

Higher prices for cotton and a

of cotton goods are forecast for next

year in the monthly statistical sum-

mary of the cotton industry issued

by the Merchants National Bank of

After figuring a consumption of 12,050,000 bales the bank estimated

the supply, including carry over,

new crop and imports, at 12,650,000

"The carry over at the end of the

current cotton season," says the

bank, "would be only about 600,000

bales, equaling less than a single month's consumption and exports

It would not be enough to carry

the mills to September or October,

when the new crop would be avail-

able, and it would, accordingly,

force drastic curtailment of mill

operations. It would appear that

before supplies declined to such an

much higher figure."

Number of Workers Increased 2 P.C. in November; Upward Trend Continuous Since February

ALBANY, Dec. 13 .- Employment in manufacturing establishments in this state continues to gain, reflecting the steady improvement in the business situation. The gain during November, according to a report issued to-day by the State Industrial Commissioner, was 2 per cent, and marks the tenth

Three-fourths of the 1,575 represenly to the State Department of Labor added to the number of their employees during November. The in-creases were fairly well distributed and rose as high as 10 per cent in some industries, such as glass factories, railway equipment factories and the railway repair shops. The chief reductions came as the result of seasonal let-downs in the clothing and

sonal let-downs in the clothing and food products industries.

Every branch of the metals and machinery industries reported increased employment except the irregular shipbuilding and repair industry. The largest increases, except those in the railway equipment shops, were in the manufacture of heating apparatus and in the making of structural steel, especially for highway bridges. Large increases were reported also in the sliverware industry, in the manufacture of tools and cutlery and in the making of instruments, especially typewriters, cash registers and time recorders. Employment rose in the brass and copper factories, in many of the iron and steel mills and in the sheet metal factories. Employment was reduced somewhat in the manufacture of furs and in the leather tanneries. Forces were increased in the shoe factories and in the factories making buttons. The textile industries did not follow the course of the clothing industry. All the textile industries reported increased employment except the plants making felt hats. The seasonal demand for knit goods and very large increases in some plants making cotton yarns accounted for the chief im-

increases in some plants making cotton yarns accounted for the chief im-provements. The rug factories were also very active.

Mrs.IdaM.French,Successful Litigant in British Courts for Husband's \$5,000,000 And Less Consumption Fortune, Arrives for Visit

> Mrs. Ida M. French, daughter of the ater Robert J. Wynne, formerly American Consul in London and at one time Postmaster General, arrived here yesterday on the White Star liner Majestic, after having been awarded \$5,000,000 by the English courts in settlement of her rights in the fortune of her husband, Captain Hugh Ronaid French. She comes here to wind up the affairs of the estate of her father in Washington. Mrs. French was met at the pier by her brother, Robert, and went to her home, 36 Central Park South.

South.

The marriage of Captain French and Miss Wynne, one of the social events in London during her father's sojourn there, occurred in 1909. A daughter. Valerie, now ten years old, was born to them, and the following year Mrs. French began divorce proceedings. The action was dropped during the war and the couple reconciled, but the Chancery Court refused to release the fortune lest the rights of the child be imperiled. The litigation which followed terminated just before Mrs. French sailed for New York.

fortune less the rights on which followed terminated just before Mrs. French sailed for New York.
The entire estate has been awarded to Mrs. French, but she and her husband will share the income until the daughter, now in school at Rochampton, reaches the age of twenty-one. Then the estate will be divided into three equal parts. Mrs. French said that the court decree was entirely satisfactory to her husband and herself, and after she finishes with her mission here and passes a few weeks in Palm Beach she will rejoin him and spend the winter on the Riviera and in Monte Carlo. abnormally low level the price of the staple would have operated to check world consumption and to keep stocks in this country at a Coca-Cola Co, vot tr do y Coca-Cola Co, vot tr do pf.

liner with his wife and their son and daughter-in-law, Mr. and Mrs. M. C. Menocal fr. They passed most of their time abroad in France and Italy. On Sunday they will depart for home by way of Key West, to be in time to attend the wedding of their daughter on Christmas Day to Ugenio Suordanas, a ways of Chaps.

Christmas Day to Ugenio Suordanas, a young Cuban.

There was much speculation among the passengers on the Majestic regarding Princess Kapurthala, wife of the Maharajah of Kapurthala, India. The story circulated was that she is the sixth wife of the maharajah. This she would neither confirm nor deny, but she said her husband was not what Americans consider a Bluebeard. She said she did much traveling and decided recently to visit America. This will be her first visit here. She will remain a month.

month.

Albert Thomas, director of the international labor office of the League of Nations, and former Minister of Munitions in France, was also a passenger. He was invited to this country by the National Industrial Conference Board and several boards of trade.
